The Lessons From The Geese

.....To Us All.....

The Lessons From The Geese

Lesson 1 - The Importance of Achieving Goals

As each goose flaps its wings it creates an uplift for the birds that follow. By flying in a ' V ' formation the whole flock adds.....
.....71 percent extra to the flying range.

Lesson 2 - The Importance of Team Work

When a goose falls out of formation it suddenly feels the drag and resistance of flying alone. It quickly moves back to take advantage of the lifting power of the birds in front.

Lesson 3 - The Importance of Sharing

When a goose tires of flying up front it drops back into formation and another goose flies to the point position.

The Lessons From The Geese

Lesson 4 - The Importance of Empathy and Understanding

When a goose gets sick, two geese drop out of formation and follow it down to the ground to help and protect it.

Lesson 5 - The Importance of Encouragement

Geese flying in formation ' HONK ' to encourage those up front to keep up with their speed.
