Scottish Survey of Achievement

Questionnaire for Pupils in S2

We need to find out how pupils in Scotland are getting on at school.

This survey looks at the skills you use to find out about Scotland and other places in the world, and to solve everyday problems.

The information we get from the survey will be used to shape how and what we learn in the future. We would really like to know what you think so please answer all the questions. By taking part, you will be helping yourself and future generations of Scots to improve their learning and their future lives.

You and your school will not be told about your personal results – it's the results for all the pupils of your age that count. Information on how Scots pupils of your age are getting on will be available in 2007.
