

Don Johnston Special Needs

What is the scheme?

LT Scotland has negotiated with Don Johnston to sell its most popular products at hugely discounted prices. This allows education establishments to purchase these products at the lowest possible price with no commitment to quantity.

How does the scheme work?

When schools purchase for the first time they have to buy at least one licence and one CD-ROM. Thereafter the school can buy additional licences as and when required. Buying a manual is not mandatory. The CD-ROM will install a copy of the manual in PDF format on the computer's hard disk during installation, which can then be printed out.

Products available

The following Don Johnston products are available. Please note that it is the latest version of the software that will be shipped to you.

Co:Writer SE, Co:Writer Smart Applet, DraftBuilder SE and Write:Out Loud SE, Read:OutLoud SE and SOLO.

Please note that Co:Writer SmartApplet is available for AlphaSmart 3000 IR Keyboard and comes under this scheme.
